About The Event

Join us on November 14th, 2024 for an Evening with Bishop Crosby. It is one of our largest fundraising initiatives of the year and a wonderful gathering of the Halton Catholic Community. We enjoy a meal together, reconnect with old friends and make new ones, and hear Bishop Crosby share his stories, wisdom and great sense of humour...all the while raising funds to support the children in our community who need it the most.

We know education directly influences students' life chances – and life outcomes. Every child deserves the opportunity to succeed; but an achievement gap can form between students from low-income households and their peers. The ability for a student to fully engage in their learning journey – including technology, trips, teams, and other projects that sometimes require funds to participate – can make an enormous difference in their learning success.

In addition, social exclusion, shame, anger, stigma, low self-esteem, low confidence, and loss of hope are all issues related to student poverty. The ability to fully participate in their education alongside their peers alleviates the mental health challenges that accompany many of our HCDSB students in need.

Help Make A Difference!

"This is truly incredible...makes me a bit emotional even. This money is going to make a massive difference for this family. They are truly struggling and this will bring joy and Christ-like love to a place of need and gratitude." ~HCDSB Teacher

"The student was able to wear his new suit to graduation. He was so proud and the happiest he has been in a very long time because he felt like he "belongs". This is the first time he has had clothing that fits him. Thank you for making this possible." ~HCDSB Principal

"This child was supported by the Foundation last year and the impact on her life (and that of her mother) has been literally life changing for them. The funding was a concrete demonstration for the mother that we genuinely cared about the family's wellbeing and has cemented a very trusting relationship between the mother and HCDSB. The child is the clear beneficiary of this collaboration!" ~HCDSB Social Worker
